Love Bugs Preschool Class of 2014

All year long the Pre-K class at Love Bugs Preschool has been getting ready for Kindergarten. They've worked hard on identifying letters and numbers, writing their first and last names and even learning the alphabet in sign language! To celebrate all their accomplishments, they invited their family and friends to a special graduation night. They each wore a red cap and gown, went on stage and received their hard earned diplomas! Pictured here are the children practicing for their big night!

LeRotary Notes

It was a full house as President Tracy rang the bell to begin the June 4th weekly meeting of the LeRoy Rotary Club. Guests today included Le Roy High School Seniors, three Perry Rotarians and two representatives of the YWCA.

Announcements included a number of worthwhile community activities. Bob Bennett informed us that on July 26th the YWCA will be hosting their annual Wheels and Heels fund raiser. Proceeds will go to support the Y's Domestic Violence programs. Jim Ellison reminded Rotary members that the annual Installation Banquet is June 24th. Jim would appreciate your sign-up by June 7th.

There were several members with missed meetings. 16 make-ups were provided while Tracy Martorana, Tim Moag and Steve

Zocco offered green cards.

Fines were aplenty as President Tracy is rounding out her year and had many Rotarians to catch up. Most were victims of the Rotary Trivia Wheel.

President Tracy reminded us that June is Rotary Fellowships month and encouraged everyone to review the materials she distributed.

Jen Paxhia and Jeanne Walton provided a brief presentation on the YWCA's Summer Field Trip Scholarship Fund. The program provides assistance to families by offering child care throughout the summer. The children participate in the YWCA Adventure Program and the fund covers field trip fees, admission costs, and transportation. Many Le Roy children benefit from the program.

Notes From The Mayor's Office

by Greg "Porp" Rogers
Mayor

Let's not get the cart in front of the horse. On Friday, May 30th the *Batavia Daily News* reported that, I wanted to be the last Mayor of LeRoy. This is a true statement and I did make it. However there are a multitude of issues that need be addressed before this could happen, which is why the Village Board is going to be proactive seeking grants to do these studies. The Governor is giving incentives to municipalities who are willing to consolidate, and the timing couldn't be better.

It is our position that any move would have to have some benefit to all and be in the spirit of the greater good of the whole community. I appreciate that Jim Krencik, expressing the fact that it was said twice, that any move could not have any adverse effect on our agricultural community, which is something I believe very strongly in. Over the past years the Village has done a good job reducing their debt, which is another reason the timing could be right, so in short we will be

looking into anything we can do to lower the tax rate in our community.

One of the issues that face our Village is the growing number of abandoned, and being foreclosed upon houses, this usually means unkempt lawns and unsightly properties. The Village Board has begun to address this situation, we are looking for a tax incentive of some sort to people buying these homes and bringing them up to an inhabitable status. We have formed a committee and will be pushing forward to keep our neighborhoods looking good. We are also looking into other municipality's codes to see how they address this situation, as well trying to get the lending institution to act faster on such homes as well.

On a much brighter note, the Farmers' Market is up and running so try to support our local farmers and stand operators. This is part of the charm of our beautiful village.

Smokin' Eagle BBQ & Brew Outdoor Deck Open For Business

With the arrival of summer, comes a new addition to the outdoor dining experience at the local eatery and bar, Smokin' Eagle BBQ & Brew, located at 9 Main St., in the heart of Le Roy.

The community seems to have welcomed the improvements to date, including a Smoked BBQ menu and concept, new Men's and Women's restrooms, fresh paint- inside and out, updated bar décor, and increased live entertainment, which boasts a no cover charge policy for it's patron's.

The most recent improvement comes in the form of a large deck/patio that stretches almost 1,500 square feet! The space is going

to be used for increased outdoor seating as well as this summer's outdoor concert series, that will focus on acoustic acts as well as summertime food and drink favorites like Steamed Clams, BBQ, Ice Cold Buckets of Beer and Delicious Frozen Concoctions!

There will be a Grand Opening to be held on Thursday, June 19 starting at 6 pm. Live music will be performed by Chris Moore and Scott Roblee. The American Harvest vodka girls will also be there promoting the event. The Smokin' Eagle will be offering free smoked wings! (While supplies last).

Kindergarteners

by Lynne Belluscio

This week we've hosted the kindergarten students from Wolcott Street School. They try very hard to sit quietly on the floor and concentrate on the program, but if you know kindergarteners very well, you know they are easily distracted.

The first group that walked over to LeRoy House were fascinated with Mrs. Furr's necklace. "Is your necklace made out of cereal?" one eager boy asked. "Well, no it isn't but I guess you're right it looks like cereal. But today we are going to look at the things in Grandma's trunk. Can you find something old to hold up?" And so it progressed.

An opportunity to compare old things in Grandma's Trunk with new things in the plastic tote. It's important to remember that for these five-year olds, anything before 2009 is old. But they do a great job. They hold up a candlestick and an electric lamp - - a feather pen and a ballpoint pen. There's a pad of paper and a slate - - a roll of paper towels and a cotton towel - - a pack of Kleenex and a handkerchief.

This year we added a digital game and a wooden Jacob's ladder. "A lot of these new things have electric cords on them. Do any of the old things need electricity?" "And what happens when we use the paper plate, or the plastic cup, or the paper towel? We throw them away don't we?" "We throw away a lot of stuff today, but grandma didn't."

Actually we are probably talking about great-great grandma. This activity is very appropriate for kindergarteners. And when they go back to their classroom, they have two activity sheets that reinforces their experiences.

The idea of kindergartens was developed in Europe in the early 19th century. Actually some sources trace the idea of schooling for pre-schoolers earlier. It wasn't until 1856 that a kindergarten was started in the United States and that was in Watertown, Wisconsin, but it was a German speaking school. The earliest English speaking kindergarten was in Boston.

In 1860, Elizabeth Peabody established an English speaking kindergarten and Conrad Poppenhusen offered a free kindergarten in 1870. The first publicly financed kindergarten was in St. Louis, Missouri, by Susan Blow. In LeRoy, Professor Russell, who was from Boston, is credited with initiating kindergarten classes in LeRoy. He was the principal of the LeRoy Academic Institute. He believed that students should

look forward to going to school and that school was a pleasure rather than a penance.

Early kindergartens were based on the premise that young children should learn how to interact socially and that when the parents were working, those opportunities were not available. It was important to learn manners;

how to listen to directions; how to take turns; how to follow directions and how to play well with other children. As the idea of kindergartens changed, they became more education oriented and it was important to learn the alphabet, to read numbers, to write your name, how to tie your shoes. Today a lot more is expected of

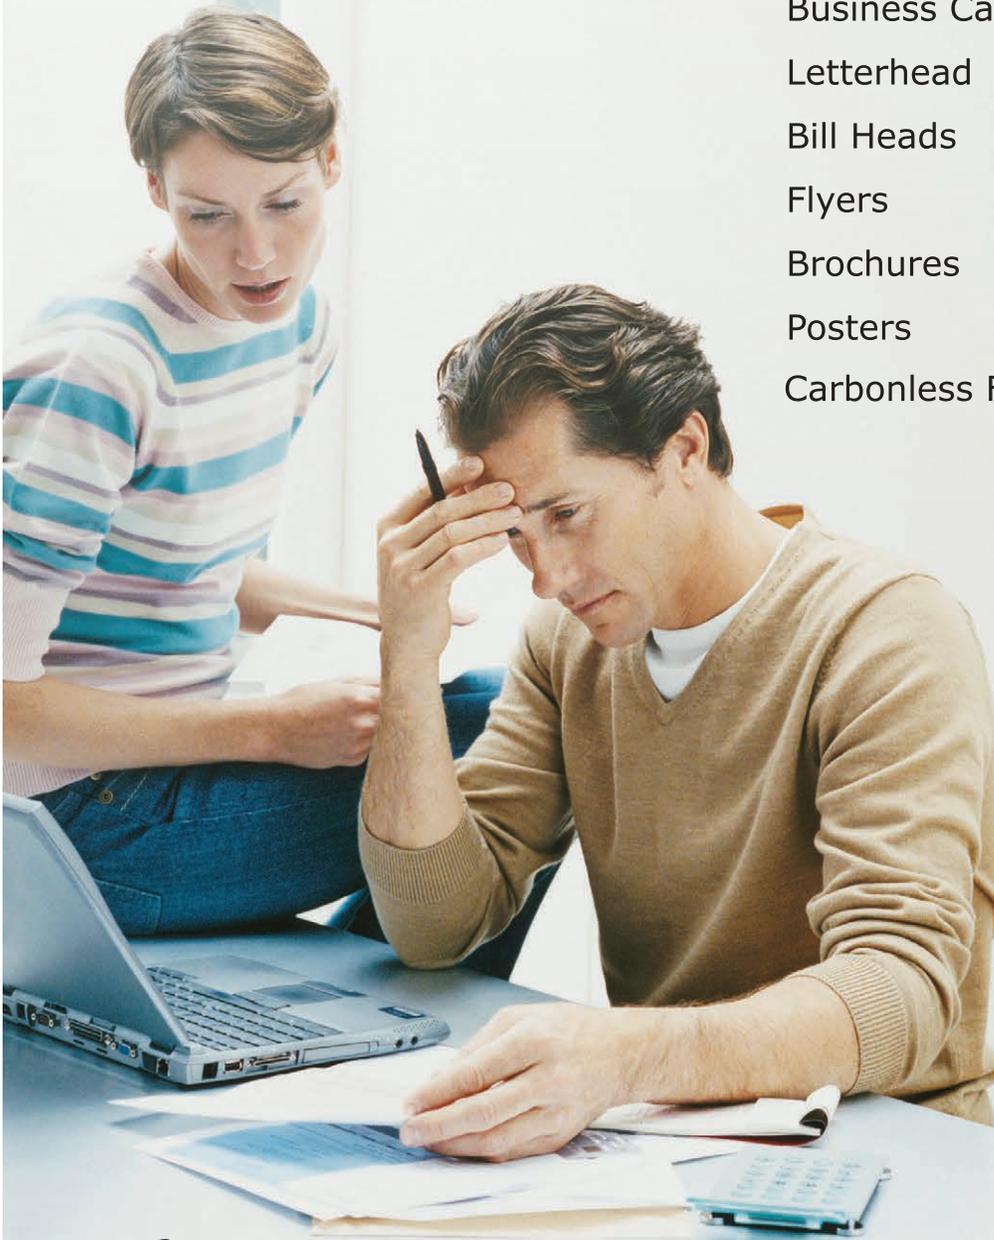

kindergarteners, yet they still have to master how to sit still and listen and how to follow directions. The experiences they have in kindergarten will last them throughout their entire school years.

I remember the kindergarten room at #49 school in Rochester and our teacher Miss Narramore, a very tall lady who had to fold her legs under her to sit on the little low chairs. There were wonderful wooden blocks and a toy area to play in. The painting easels were covered with paint, but it was always a special day when we had a chance to do a painting and not have it drip down the page!

We at the Historical Society, hope that the kindergarteners will remember their visits to LeRoy House fondly - and the lady with the necklace that looks like cereal.

Police Report

06/11/2014- The LeRoy Police Department is asking all citizens to be vigilant for scams over the telephone and/or computer. Recently two citizens received calls from persons pretending to be a "relative" from out of state who was in jail and needed money to get out. The caller asked the citizen to go to a nearby pharmacy to purchase a "green dot" card or other liquid transferable funds and have the money sent to them for bail.

It is important for all to know that these callers are really unscrupulous and will steal as much money as you send to them up to and including your life savings if not stopped. Further, once you have been targeted the caller will continue to call you attempting to victimize you numerous times.

If you receive a suspicious phone calls or e-mails, please contact the LeRoy Police Department or your local Police agency BEFORE SENDING ANY MONEY so we can assist you in determining if this is a scam.

Once the money has been sent, there is little to no chance of getting it back or determining/identifying the scammer.
