## Town Supervisor Column

by Stephen R. Barbeau  
Supervisor, Town of LeRoy  
(585)768-6910 x 231

### Around Town

I am pleased to announce that the bids for construction of Water District #10 have come in within budget and we are holding a pre-construction meeting this coming week. If the weather we have been having continues, we will be breaking ground very soon. Great news (finally) for all the folks suffering with poor wells in that part of the town.

I am also pleased to announce that the Town Board has appointed John Rider (Chair), Bob Uberly, and Matt Gilligan (Alternate) to our new town (outside) Zoning Board of Appeals. This new three member/one alternate board will meet every other month, serve three year terms, focus solely on the Town Code, receive annual training in accordance with state requirements, and provide guidance within its narrow scope of appellate jurisdiction.

I want to focus this column

on an issue that routinely is questioned by folks in the community- the separate jurisdictions of the Town and Village. In sum, townships are created by the state legislature and villages are incorporated entities voted upon by the residents (usually in the higher population area and usually to obtain additional services) within that township. As you know, the Town recently celebrated its Bicentennial in 2012. The Village was incorporated in 1834. While, over time, the Town and Village have cooperated in a variety of ventures, they still maintain separate governmental boards and highway departments (the Village also operates a police department and municipal wastewater service). As such, let me mention a few areas where the Town routinely receives calls from village residents, where those residents would be better served by calling the Village Hall at 768-2527 (in other words, the Town offices may not be able

to assist) - garbage pickup service, leaf pickup service, school crossing guards, snow plowing service, street/sidewalk issues. Those are examples of separate Town/Village services. In areas such as assessment, code enforcement, recreation, and the courts, town offices are the contact point for both town and village residents, as they are examples of shared services. Additionally, if you are a resident of the Town (outside the Village) and have an

issue concerning snow removal or other highway matters, you would be best served by calling 768-8744 (Highway Dept. direct line) rather than by calling the Town Hall. If there are any areas of interest that I may have omitted, please contact me and I can address that in the future. The goal is to get both the Village and Town (outside) resident the most efficient response to their issue.

Thank you and see you Around Town.

by Kim Cox

**Superintendent of Schools**

It has been a busy few weeks at our schools. I want to thank the entire community, especially our first responders, for all of your support as we worked through our facilities issues this past week. While unrelated, it was a bizarre set of coincidences that occurred at the schools. Please know that each issue was addressed with a high level of importance and attention to detail. **The safety of our staff and students is our number one concern.** All necessary repairs were made and buildings were thoroughly inspected, ensuring that no other issues surfaced during the process. I want to thank the students, staff, and the community for their patience and understanding.

The R.I.T.E. Project is another step closer to launch. We are in the process of organizing and re-organizing for this very exciting, but complex project. Construction bids are due to the district by Wednesday, March 23rd at 3:00 p.m., with awards taking place at the March 29th Board of Education meeting.

Construction is slated to start on or near May 2nd. There are several areas that are going to be impacted immediately starting on May 2nd.

**At the Wolcott Street School:**

• **Bus Loop Relocation:** Bus drop off and pick up will be moved to Trigon Park for the remainder of the year. This means that there will be no parent drop off or pick up during the hours of **8:30-9:00 am or 2:55-3:20 pm.** Only bus traffic will be allowed in Trigon Park during these times. It will be imperative that any parent pick up or drop off occur **after** these times. There will be no access to the **WSS building through the current bus entrance or Stanley Street.** These entrances will be under construction. No one will be allowed to enter or exit the building at either location for the remainder of the year.

• **Dismissal:** In order to facilitate a safe and efficient dismissal process for our students, students walking or those being picked up will be held in two locations within the building until the buses

have been dismissed, **approximately 3:20 p.m.** Families will need to determine if they will be picking up students at the Wolcott Street or Trigon Park entrances. **Stanley Place and the back bus loop entrances will be completely closed to traffic.** Only after buses depart, will students be released from the building. We are requesting that families picking up at Trigon and Wolcott not arrive before 3:20 p.m. There will be no option of arriving early, as there will be no cuing areas for cars prior to this time. **Also please, if at all possible, try not to schedule appointments that require you to pick your child up between 3:00-4:00.** In addition, if you are dropping off your child in the morning, they must be dropped off as close to 8:45 a.m. as possible. **All a.m. drop offs must be made off Wolcott Street, as the Trigon loop will be dedicated to bus traffic only from 8:30-9:00 a.m.**

• **Lunches:** The project is calling for a complete renovation of the WSS cafeteria. These will start the first week in June. Mrs.

Locke anticipates a continued lunch program, but there may be limited choices for the short time until the end of the year.

• **Playground:** The school playground will not be accessible starting May 2nd and will remain off limits until the fall of 2016. Completion date is dependent on weather and other construction work happening simultaneously.

**On Tuesday, April 5, 2016 at 6:30 p.m., in Memorial Auditorium, Principal Messina** and other district personnel will be holding an informational meeting regarding these changes and others related to the project. Please plan on attending. If you are unable to attend, please feel free to contact the WSS Office or the District Office for more information.

*We appreciate your patience and support with these changes. While we know that there will be some inconveniences, the end product will be well worth it!*

Best of Luck for a great week! Happy St. Patrick's Day!

## LeRotary Notes

The weekly meeting of the Rotary Club of Le Roy was called to order on an unseasonably warm day for March 9th.

### Announcements included:

3/12 – Easter Egg Stuffing for the Business Council's Easter Egg Hunt

3/19 – Rotary Leadership Institute

3/23 – Rotary Board of Directors Meeting

3/26 – Le Roy Business Council Easter Egg Hunt

5/18 – United Way Day of Caring

5/20 – Rotary Graze to Raise Fundraiser

8/6 – Relay for Life

Responsible for upcoming programs are:

3/16 – Tom Cox – Tim McArdle – Le Roy Central Junior Senior High School Principal

3/23 – Martha Bailey

3/30 – Chris Biviano

Called on for missed meetings were: Bob Bennett, Christine Gephart, Scott McCumiskey, Marcia McKenzie and Phil Weise.

The fining session included: Sam Vagg paid for a photo of Bob Bennett and Scott McCumiskey for an upcoming trip.

Our program today was presented by our own Kim Cox, the Superintendent of Le Roy Central

School and Brian Foeller, the Business Administrator at Le Roy Central School. Their topic was in regard to the R.I.T.E. Project, the district's \$12.7 million campus modernization plan. R.I.T.E. stands for Renovation, Innovation, Tradition and Education. These factors were kept in mind during development and design of the project. It's expected that bids will be awarded in May, with the bulk of construction completed by December. Much of the work involves major upgrades to the Wolcott Street School, with its campus dating back about 100 years. A Library Media Center will be installed on the first floor replacing the traditionally used space at the Woodward Memorial Library. The building's small gymnasium will be replaced and now will be located on the first floor, while traffic flow will be improved in the parking lot. Some additional work is planned for Hartwood Park and at the Junior Senior High School. We enjoyed Kim and Brian's presentation and look forward to the improvements that will be evident at the completion of the R.I.T.E. Project.

Please save the date for our Graze to Raise Fundraiser on May 20th.

# New Plan to Provide Billions of Dollars in Tax Relief to Small Businesses, Families and Seniors

by Senator Ranzenhofer

March 2016

As I travel throughout the 61st Senate District, New York's high taxes is the number one concern of residents, from Amherst to Clarence to LeRoy. That's why I am pleased to update you about a new broad-based tax cut plan to provide billions of dollars in real relief.

The plan would cut middle-class tax rates to the lowest level in 70 years, provide new tax savings to prevent seniors from leaving New York, and enact significant tax cuts for small businesses.

The cornerstone of the plan is a major tax reduction for middle-class families. If enacted, 5 million families, including 770,000 small businesses filing under the Personal Income Tax (PIT), will start to see savings in 2018. When fully implemented, the tax rate will be reduced by 25 percent, saving taxpayers an average of \$897 per year.

Another part of the plan aims to

help give more financial security to seniors. Right now, seniors can only claim the first \$20,000 of pension or retirement incomes as exempt income. This new initiative would increase that exempt amount to \$27,000 in 2017, \$34,000 in 2018, and \$40,000 in 2019.

This new tax relief will help more seniors save money and choose to stay in New York during retirement. In the first year alone, it would save seniors an average of \$361.

The third part overhauls the tax structure for our community's job creators and economic engines. In 2013, I successfully pushed for a PIT exemption for small businesses and small farms. Now, I am working to significantly expand eligibility and tax savings. When fully enacted, small businesses and small farms would save \$494 million annually.

The proposal includes any business that files under PIT regardless of how the business is structured and raises the income eligibil-

ity threshold from \$250,000 to \$500,000 when the business entity income is less than \$1.5 million. It also reduces the Corporate business income rate for small businesses from 6.5 percent to 2.5 percent over two years, increases the Corporate tax threshold from \$390,000 to \$500,000; and increases the exemption from 5 percent to 15 percent for small business income.

The final section of the initiative addresses energy taxes. In 2013, I pushed for a phase-out of the

energy tax assessment, saving ratepayers \$455 million over a five-year period. Under the new plan, this surcharge would be eliminated at the end of this year, instead of 2018, saving taxpayers \$125 million.

This major tax cut proposal will put more money back into the wallets of hardworking taxpayers. It will also make our community a more affordable place to live and work, and I will be fighting for this plan to be included in the final State Budget.

## Visitor Restrictions at United Memorial

With the continued increase in the number of influenza cases at United Memorial Medical Center and in the community, the Hospital will be strictly following established visitor guidelines and implementing restrictions in order to safeguard the health of our patients.

Effective March 10, 2016, patients at United Memorial will be allowed only two (2) visitors at one time. No visitors under the age of 14 years will be allowed. Individuals with a sore throat, runny nose, fever, or other influenza type symptoms should not visit patients.

As an organization we understand the importance of loved ones and friends in the healing process. Exceptions to the visitor policy must be approved by the unit manager or nursing supervisor prior to the visitor's arrival at the hospital. These restrictions have been put into place to protect those with weakened or fragile immune systems and those who care for them, from harm during the influenza outbreak.

Everyone should remember to use appropriate hand hygiene and respiratory etiquette to prevent the spread of influenza. Symptoms may include fever, muscle aches, sore throat, cough or nasal congestion. Individuals with fever over 100.5°F and any of the symptoms listed are urged to stay home, seek medical advice as necessary and limit the number of people exposed. Individuals with influenza are contagious for 24 hours prior to exhibiting symptoms.

# The Mother of Exiles

by Lynne Belluscio

Now that Lady Liberty is back in LeRoy, I'm getting ready to put together an exhibit about her. Last week you read that I need to find a couple of 1950s Boy Scout uniforms. (Haven't heard from anyone yet.)

But now I'm reading about the Statue of Liberty in the New York Harbor. I'll be sharing some of the history in the next couple of weeks. Most of us are aware of the lines from the poem: "Give me your tired, your poor, your huddled masses yearning to breathe free..." The words are from "The New Colossus." But I never knew that it was written by a Jewish woman in an effort to raise money to build the base.

France had agreed to build the statue and to present it to the United States, under the condition that Americans would raise enough money to build the base. Joseph Pulitzer, the noted newspaperman, was afraid that the money couldn't be raised, so he contacted American writers, including Mark Twain, Walt Whitman, and Emma Lazarus and asked them to write poems which would be auctioned to raise money.

Emma Lazarus' poem, "The New Colossus" brought the highest bid of \$1,500. It was the only poem read at the 1883 fund-raiser. Three years later, the money had been raised, the base had been built, and the statue was shipped from France and erected. But sadly, a year later, Emma Lazarus died at the age of 34, of Hodgkin's disease. Her story is very interesting.

Emma Lazarus was born in 1849 in New York City. Her family was very wealthy and her ancestors had arrived in America many years before the Revolution. She was well educated and enjoyed writing. But she was well aware of the poverty in New York, particularly of the European Jewish immigrants.

She visited Ward's Island in New York

Harbor and became an active member of the Hebrew Immigrant Aid Society. When she wrote the poem (actually it's a sonnet) she focused attention on the plight of the millions of immigrants coming through the New York Harbor. She called the statue the "Mother of Exiles." It was Emma's words that welcomed people to this land of liberty and freedom.

Twenty years after Emma's death, her words were engraved on a bronze plaque and placed in the entrance to the statue. Ten years later, her words were included in school books and memorized. (Now forgotten.) Sixty years later, in 1949, her words were used by the composer, Irving Berlin, and the song was sung on Broadway. I hope to find a choral group to perform the Irving Berlin song -- I think it is more like a hymn -- at the dedication in July.

If you are not familiar with Emma Lazarus' sonnet, here it is:

## The New Colossus

Not like the brazen giant of  
Greek fame,  
With conquering limbs astride  
from land to land;  
Here at our sea-washed, sunset  
gates shall stand  
A mighty woman with a torch,  
whose flame  
Is the imprisoned lightning, and  
her name

Mother of Exiles. From her  
beacon-hand  
Glow's world-wide welcome; her  
mild eyes command  
The air-bridged harbor that twin  
cities frame.  
"Keep, ancient lands, your  
storied pomp!" cries she  
With silent lips. "Give me your

tired, your poor,  
Your huddled masses yearning to  
breathe free,  
The wretched refuse of your  
teeming shore.  
Send these, the homeless,  
tempest-tost to me,  
I lift my lamp beside the golden  
door!"

**Strengthen the Arm of Liberty** - these folks rented a Statue of Liberty tie for the night at LeRoy House and raised \$300 to help restore LeRoy's Statue of Liberty.

Sunshine Nursery School's Pre-K class were surprised by a tricky little leprechaun this week! The students tried to catch the little green guy but he was too clever to fall for their trap! He did leave behind some footprints and played a bunch of silly tricks on the class. The students enjoyed a day full of St. Patrick's Day fun!
